# REM | CELEBRATING 100 YEARS

For the past 100 years, REM and its predecessors have been instrumental in developing products and working environments for the Salon Industry.

Today's REM is barely recognisable from its origins, linking back to Eugene Suter in 1918. Through the 20<sup>th</sup> Century, REM evolved from companies specialising solely in electrical hairdryers to the company we recognise today, producing all manner of products for the Salon, Barber, Beauty and Spa Industries.

Eugene F. Suter

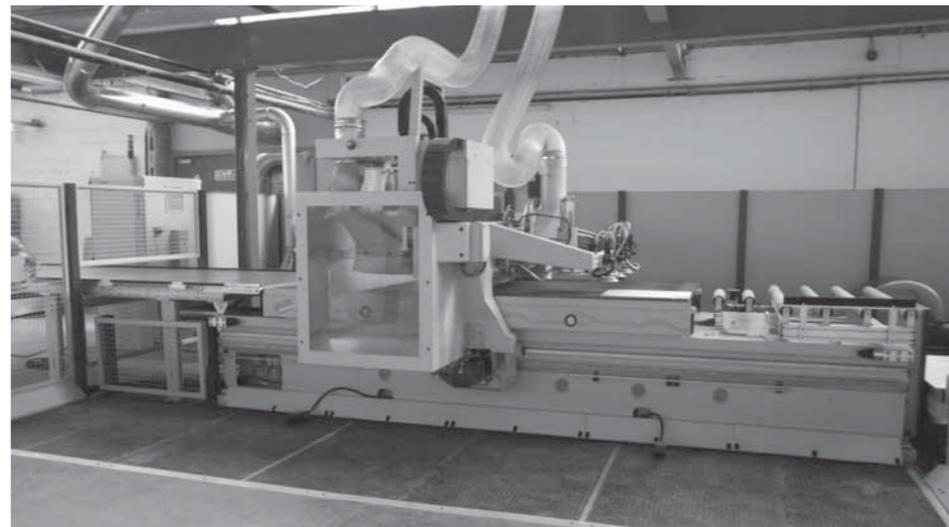

**REM** | CELEBRATING  
**100 YEARS**

Since the formation of REM in 1995 the company, based in the Heart of the Pennines, has grown year on year and now employs a skilled workforce of around 90 people.

# REM | CELEBRATING 100 YEARS

Investment into state-of-the-art technology has enabled REM to become a leading and respected British Manufacturer, now selling into a global marketplace.

**REM** | CELEBRATING  
**100 YEARS**

To celebrate its Centenary year, REM have designed a unique new range of furniture for release in January 2018. The aptly named Centenary Range brings finesse, quality and contemporary styling to an already established portfolio of products.

## Disposal of your old appliance

The crossed-out wheeled bin symbol which you will find on the 'Rating Plate' attached to your product, or appearing in the Assembly/Operating Instructions, signifies an obligation by the purchaser or owner, to dispose of the equipment in accordance with the European Directive 2002/96/EC. This is a statutory instrument commonly known as the 'WEEE Regulations', which effectively requires you to carry out disposals of all Electrical and Electronic Equipment separately from your usual waste facilities. Specialist waste controls, designated by the Government (or Local Authorities) are to be made available to prevent potentially harmful substances affecting the environment and causing possible human and animal health risks.

More information is available from your local Environmental Health Office, Local Authority Waste Disposal Service, or the sales point from which the product was originally purchased.

Using our industry expertise and creative flair, REM Design can help you plan your dream salon, offering advice on products, colours and layout to help you get the most out of your budget.

Whether your salon is large or small, and regardless of your budget, we are always excited by the opportunity to create an environment that is stimulating, motivating and inspiring for your staff and your clients.

With an extensive range of furniture to choose from, you can personalise your salon by using our REM Design service. The REM Design experience begins with one of our knowledgeable team members arranging to meet with you to discuss your project. During this visit, accurate site measurements will be taken before discussing your needs and preferences, and explaining the REM Design process - detailing styles, colours, quantities and potential layouts to help you realise your dream.

Once back in the office, our design team uses the measurements taken in your salon to create a set of bespoke scaled floor plans and 3D visuals to suit your brief. Our state-of-the-art, industry-leading CAD technology ensures that these visuals accurately represent both your salon and our design. We combine your vision with our expertise to deliver a range of inspired designs that will accurately represent your brand.

When your needs include items not offered on your standard range, such as reception desks, seating or styling sections, we can design and build bespoke solutions to your exact specifications using REM Bespoke.

At REM, we understand that today's working environments have to be responsive to the changing needs of the contemporary workplace. With this in mind, the designs we offer are inspirational and tailor-made to reflect the image and reputation of your salon.

This service is available for £225 + vat, which is refunded upon placement of an order totalling £3000 or more.

REM's extensive showroom in their factory, Nelson Lancashire is open to visitors 5 days a week (Mon-Fri) Appointments can be made to view the showroom by calling REM Reception on 01282 619977. Please note that REM deal solely through their UK distributorship and so no direct purchases can be made during your visit. However, REM will help and advise you on choosing the nearest distributor to your business.

Realise your Salon dreams with the latest in Salon Planning Technology - 3D Salon Planning by REM Studio.

# REM Brand

At REM we offer a customised brand embroidery service to complete the look of your salon and reinforce your brand in a stylish, professional manner. We can provide detailed brand embroidery on all of your styling chairs, barbers chairs and stools. All we require is for you to send us a full colour JPEG with your logo, specify the desired size of the embroidery, and let us do the rest. Our embroidery team has a wealth of skill and experience, and can produce accurate, consistent results throughout your entire salon.

## How to Buy

Buying REM products is a fun and exciting process, just follow these 5 simple steps!

### Step 1 - Choose a distributor

Visit [www.REM.co.uk](http://www.REM.co.uk) to find a REM distributor near you, or contact our sales team by phone on 01282 619977 or by email at [sales@REM.co.uk](mailto:sales@REM.co.uk)

**Please Note** – REM products are only available through one of our 600 worldwide distributors.

### Step 2 - Select your product

You can find our products in this catalogue, on our website, or on one of our REM distributor's website.

### Step 3 - Visit our showroom

We have a large selection of our products on display in our distributor's showrooms, allowing you to experience the feel and quality of our products for yourself before you buy. We also have a large REM showroom in Lancashire, which is open to visitors through the week, displaying some of the latest REM products available. Call our reception desk to book your appointment.

### Step 4 – Personalise your choice

Once you have chosen one of our products, you can choose from over 40 different colour options (displayed on pages 188-191). Once you have finalised your REM order, you will receive an accurate delivery date from your distributor.

### Step 5 - Delivery

Your REM order will be delivered to your chosen address on the given delivery date.

If express delivery is required, we carry over 50 products in stock that are ready to be shipped to you at a moment's notice. Please contact your chosen REM distributor or the REM Sales office to find out more about express items.

### REM Commitment

REM has made every effort to ensure that the products presented in this catalogue are as the original. To provide the highest levels of product quality, we may occasionally alter the material specification of our products. Any such change will not significantly alter the look or functionality of the product. Dimensions quoted are accurate. However, if our products need to fit in particular spaces, ensure that you obtain precise measurements and discuss any queries with our technical staff. All products sold are subject to availability.
